

5582 SPUN-DYE T-SHIRT HI-VIS

Jobman 65558265

Comfortable functional T-shirt in "spun-dyed" polyester which quickly transports moisture away from the skin. The shirt dries fast, keeping you dry and fresh all day long. Spun dyeing is an environmentally friendly colouring technique that consumes less water, energy and chemicals. Spun dyeing also gives a very high colour density, which means that the garment's colour does not change over time. Heat-pressed seamless reflective strips for extra comfort.

Certified Class 3 according to EN ISO 20471 - Size M-4XL.

Certified Class 2 according to EN ISO 20471 - Size XS-S.

SIZE

XS-6XL
