- Outstanding dexterity and fit.
- Provides very good thermal insulation.
- Actifresh®-treated to eliminate bacteria and promote freshness.
- The vinyl coating technology is a patented process which is used in the manufacture of the coating. This process creates encapsulated air molecules which repel liquids for a firm wet and dry grip. The coating also provides a cushioning effect which minimizes impact.

Suitable for: Construction business | Heavy duty work | Assembly of components | Shipping | Oil and gas industry | Cold Storage | Outdoor winter use.

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications deemed necessary.
